1. Mr Connelly welcomed everyone to this extra meeting of the committee.
2. Previous minutes were reviewed.

Matters arising: does the council have an obligation to uplift plastics for recycling?

3. Mrs Macfadyen outlined the main action points for the committee. In particular the committee discussed fund-raising ideas for the sensory garden.

Ideas for fund-raising included:

- Staff v pupil sports competitions
- Contact former pupils to ask for their help
- Bag packing
- Raffles
- Recycool boxes in other companies
- Interhouse School competitions
- Television

4. Following the arrival of new volunteers, there was some discussion about the size of the committee. All agreed that it would be better to keep the level of enthusiasm as it currently existed, so the committee would retain all its members. This would be reviewed later.

5. The committee reviewed who was responsible for the current action plan.
